1st A&S evening of each month to become themed and driven by new A&S & B&B. Presently this is built around prep for crown but B&B are keen for people wanting to run programs to step forward.

Dragon's Bay

There was a discussion about the petition from Dragon's Bay to become a canton of Aneala. Broadly positive, it has also prompted calls for discussions about the style of operational management of the barony and groups within.

New Business

New children's activities in the offing.

Skype - Next council to be trialled as a skype session for Canton's. New seneschal has tech deputies allocated to address this.
