## **Officer Discussion**

### **Baron & Baroness**

### **Seneschal**

We need people to start seriously thinking about stewarding events. We missed out on Bal this year, as we left it too late to find a suitable venue. We still don't have a steward (or stewarding team) for any future events, apart from one to be discussed later in this meeting. Championship next year doesn't have a steward, and we don't have any fighting events in the calendar. You don't have to run a big event, it can be as simple as a day like today, but if we don't run events, we're going to run out of group. If you want to step up, but don't know what to do, approach me, or any of the long-term members, and we can set you up with a mentor to help guide you through the process.

Negotiations with Lake Monger Primary School regarding storage on their land looks like being a lengthy process due to the board arrangements. I think we have imposed on the generosity of Lady Isabel and her husband for too long, and we need to approve payment for the hire/purchase of a sea container for storage at Bassendean, up to a maximum of \$2,500 since if we can't make it work for less than the 7 month contract, then I'd like to go with the 7 month contract and continue to work on the school option.

Proposed - Damian

Seconded - Gwyneth

Approved almost unanimously.

Abertridwr - I have no official news. I have two pieces of unofficial news that I'm happy to minute.

Firstly, I got in trouble for posting what I did earlier in the month. I was asked to retract my post on facebook, and told I would receive "actual official" information in an email later that day. I declined to retract my post on the basis that the complainant was unable to identify anything unfactual or unhelpful in it. I have not yet received the email with the "new actual official information".

Secondly, I have heard, unofficially, that Abertridwr has requested an extension until next June. This makes sense to me due to the complete lack of official communication I've received around how we will best work on any transition. Even if this happens, it means only 6 months until we want to be involved in supporting those postcodes in a more direct manner. We have plenty of people who are technically in Abertridwr but who play in either Aneala or Dragons Bay. You will always be very welcome in and with Aneala, but if you would like to have a say in the future of your postcodes, let me encourage you again to put your thought and ideas to both me and the B&B. We want the best for the whole Greater Perth area. If that is all being a single group for a time, let me know that's how you feel. If you want to keep multiple groups running (which is my preference), let me know how you think we can best arrange that so that we can provide officers for all the groups, and run events, and engage the populous, and inspire new folk.

All decisions regarding postcode allocations and group status are made at a kingdom level based on petitions from and polling of the members in the respective areas. If you are unsure of how this works, feel free to check out the official information available on the Lochac website, or you're welcome to ask questions. Either way, I encourage you to be involved.

We have asked the musicians of the Barony to play music for Love Ballads, some with vocals included, and courting dances, which will be run by Baroness Elizabeth. ### **New General Business**

Agenda Item

For the next council meeting after Toys for Tots.

- I propose some replacement fletches for the combat arrows as the ones donated disintegrated.(2 doz)

- I propose 4 target faces. The ones we have, have more holes than paper. This will supply about 6-12ths of shooting.
- I propose backup supplies for maintenance of the target arrows. Unfortunately the new target arrows have been damaged, some 15 have broken shafts. 3 through hitting target frames. Another 12 were lost when a target fell forward due to a huge gust of wind, falling on the arrows in the target. About 6 can be converted to kid length arrows. Kilic and I have donated a 2 dozen new shafts to replace the ones we lost. We also need backup points for replacing lost ones. Glue for attaching bits.

Please see below 2 quotes for the above. One quote has replacement plastic fletches for the combat blunts which are cheaper.

The numbers of archers attending is 5-6 and we are using all the loaner target arrows. 1 person has ordered their own bow and arrows. The others are still looking into it. So to keep the encouragement going we need to keep our stock in good condition.

Thanks for your consideration.

Mistress Branwen  
Aneala Captain of Archers.

Propose approval of up to \$170 subject to receipt of invoice - Branwen  
Seconded Leonie

Mistress Liduina - re Dragons Bay position on Abertridwr - Dragons Bay would like to take over Abertridwr postcodes in an attempt to keep it running.

Next Council 18th January.
