Officers Reports

Baron & Baroness

Thank you to everybody who came to Western Raids, we appreciate everybody sitting through so much court. Congratulations to the 26 people who received Kingdom Awards and to the recipients of Baronial awards. Thank you especially to the people who ran and helped at the event.

We sent a missive to St Florian for the Investiture of their new Baron and Baroness. The period writing did prove difficult for their herald.

Don't forget to come to Baroness' Fighter Auction.

Congratulations to our Seneschal and his lovely wife on their new child.

Seneschal

Sorry I have been a bit behind. I will catch up in the coming week.

The Licence Agreement for Lake Monger has not yet been processed. Sunday training on the 20th will not be at the Primary School. The Baroness has offered their home for an open house and training venue.

Reeve:

Balance of account at 1 May 2021 \$19,133.50

Balance of account at 31 May 2021 \$19,972.79

Balance of account today \$20,150.98

There are no outstanding payments.

Our accounts are diminishing slightly as we continue having expenses but have not been running any profit making events.

The newcomers event was a challenge for the group's Archery loaner equipment. There is a proposal to spend \$105 on arrow making materials to make 12 new arrows and repair 10.

Herald

We have had 2 events, Western Raids and What's Crackin in the Country- an armoured tournament in Roleystone which had Courts but no Awards. Raids on the other hand was brimming with action and Awards.

Their Excellencies were tasked with giving out Awards to the populace on behalf of Their Majesties Rowland and Taitiu, as they were unable to attend the cancelled Collegia.

25 Kingdom awards and 8 Baronial awards were presented.

There were also 3 devices and names approved by the Laurel Herald.

Thankyou Gummi and Gwyneth for researching names and devices and submitting on behalf of the recipients.

Constable

Western Raids 5-7 June

From the Dragon's Bay Constable:

Due to the computer with Gatekeeper on it crashing during the event the report won't be done until early next week.

Combined Training 13 June

32 members attended

No incidents or injuries

After consultation with the Baron & Baroness and Seneschal of Dragon's Bay, I would like to announce that I have approved the request from my downline Lord Robert Leffan of Yorke to extend his term as Constable of Dragon's Bay for one year due to the halting of events over the last year. Thank you Lord Robert for your ongoing service to the group.

Chronicler

The Vine has been published every month in the last quarter. They have been late due to waiting for events and health issues.

Apologies for the lateness.

Currently Dragons Bay is without a Chronicler.

Knight Marshal

Training has continued to be very light on combatants 2-4, although we have one new member taking a keen interest in armored combat and training has been of good quality. We had one minor injury due to a poorly attached chin strap, preliminary investigation found that the anchor points allowed the helmet to pivot and make contact with the cheek when pushed in a particular way. Fighter has been advised on how to correct this and will be checked by a marshal before use.

Western Raids saw 3 armored tournaments, and a very small war with only 6 fighters and no combat archery. I feel the fighting was both spread too thin throughout the event and perhaps some workshops could have been run to promote enthusiasm and help prepare people for the Armored combat activities.

Siege paperwork has come through and we can support this now, however I believe that Galen is the only one that can provide new authorisations locally.

I have no new news regarding Youth Combat.

Rapier Captain

Active fencers are in your group? 6+ Authorisations during this period 1

Events

Wester Raids Rapier Tourney 5 Fencers in the List No incidents or problems to report.

Administration Matters

No injuries in this period. No equipment failures in this period.

Captain of Archers

We have had regular attendance for archery training at Lake Monger, not a large group but relatively consistent. The weekend of the 30th of May unfortunately was rained out.

At Western Raids, Archery was set up on the Saturday, to run the whole weekend, with consistent attendees new and old.

Sunday the 13th of June, archery was held at Spearwood, with great attendance from both regulars and those who were either new to SCA archery or who had not done it in quite a while.

List Keeper

No events requiring List Keeping have been held in Aneala since my last report.

Tournaments were held at Western Raids and as Dragons Bay does not have a list keeper Mistress Branwen who ran the lists at the event sent me a copy of her report to forward to Kingdom, which I have done.

A&S

Please see A&S report for Western Raids below:

Open Competition during Western Raids with:

- a total of 6 entries entered, all of them very different and truly interesting to judge
- 1 of them a youth entry which was fantastic to see, award not handed out due to absence at the time of court
- 3 of them reached 40 or above score, pearl bracelet was not handed out as the B&B did not have enough of them
- 1 winner: Gummi, announced at event

The event steward informed me that, as Aneala's A&S officer, I was expected to run the competition. I had no previous notice and I had to quickly send someone home to bring my A&S folder. Dragon's Bay A&S officer was present at the event, aware of the competition but had not brought any documentation or was familiarised with the forms and process. There needs to be better communication so we can prepare to support each other.

Proposal for a children's games box

Submitted by Isolde van Wilravenssijde

With a significant increase in the number of families attending events over the last two years, it has become apparent just how much parents of young children need to bring with them to entertain their children, so that they may fully participate. Other parents are self-conscious of bringing mundane toys with them to events, unsure if it is appropriate. Therefore I propose a budget of up to \$250.00 for the purchase of a large basket or box that can be filled with activities and games suitable for entertaining children. While efforts will be made to maintain a medieval and/or historical theme, this should not restrict the types of items within. In addition a pencil case with colours and an assortment of colouring in will be supplied, which will be refreshed as needed.

This kit will be kept with the Baronial Gear or with the Youth Officer, to be brought to most events (and possibly some training sessions). All contents should be returned at the end of each event and not taken home with the child. A list of box contents will be kept inside.

Suggested items:

Castle-themed building blocks \$39.95 plus shipping
